Kevin Collins is an extremely talented, dedicated educator. He is passionate about teaching, and it shows in every aspect of his life. I have been teaching for almost thirty years, and can say very confidently that finding a teacher like Kevin is extremely rare!

Kevin is a meticulous planner. His car is usually the first to arrive in the staff parking lot and the last to leave. His students benefit from the creative lessons he develops. Simply, he makes learning fun. Walk by his classroom at any time of the day, and you'll find his students actively engaged in learning.

Kevin is committed to the staff and students of Fenton. His day does not end when the dismissal bell rings. He has been actively involved in curriculum development in the Fenton district. He participates willingly in many school-sponsored evening events. I have found Kevin playing board games at the local coffee shop with students he has personally volunteered to mentor. It is clear that he cares about children.

Children that have the great fortune of having "Mr. Collins" for their teacher are guaranteed a successful learning experience. He will be one of those few teachers whose impact on a child's life will be remembered forever. Teachers that have the opportunity to work with Kevin will benefit from and be inspired by his positive attitude and exceptional work ethic. Kevin will be an invaluable asset to the students and community in which he teaches, whether that be in Michigan or anywhere the world over.
