October 17, 2013

Dear Sir or Madam:

I have had the pleasure of working with Kevin Collins for the past 13 years. Kevin and I began working together teaching first grade. Shortly after I became Kevin's building principal and I now work with Kevin in a different capacity as the Director of Instructional Technology and Curriculum Services.

There is one word that comes to mind the most when I think of Kevin Collins and that word is "relationships." Kevin goes above and beyond building positive relationships with students and their families. Kevin genuinely cares about his students and will do whatever he can to help them be successful in school, at home, and in the community. I have watched Kevin mentor numerous students who were in need of a positive male role-model during his own time outside of school. I have also seen Kevin and his family provide much needed assistance to some families who were in need. You don't learn how to build relationships such as these in college; instead they are innate and due to the strong values that Kevin has.

If you were to hire Kevin, I am confident you will be impressed with what he has to offer to your school. Kevin will provide humor, experience, knowledge, dedication, energy and excitement that will enhance your building.

I highly encourage you to consider Kevin Collins for any positions that are available. Please feel free to contact me at (810) 591-4711 or by email at mstrang@fenton.k12.mi.us with any questions you may have.

Sincerely,

Melody Strang, Ed.S.

Director of Instructional Technology & Curriculum Services
